Report on – Eco-friendly Lord Ganesha Making Programme

Background:

In Maharashtra, Ganesh festival is celebrated with so much enthusiasm in every house. During this festival, Ganesh idols made up of Plaster of Paris are often brought to home for worshipping. But as Plaster of Paris contaminates the water resources, so there is a need to celebrate this festival in environment friendly manner. With the objective of creating awareness for eco-friendly celebration of this festival, eco-friendly Lord Ganesha idol making from clay was organized on 13th September, 2023 by the department of Environment Science.

Celebration of Eco-friendly Lord Ganesha Idol Making Programme:

This programme was organized on 13th September, 2023 at 2:00 pm. For this programme, Asst. Prof. Pooja Sarolkar was present as resource person. Programme started with felicitation and introduction of resource person. Principal Dr. A. R. Kulkarni guided the students about harmful effects of anthropogenic activities during festivals. Asst. Prof. Pooja Sarolkar gave demo to students for preparing Lord Ganesha idol from clay. Total **116 students** from various departments had participated in this programme from all the college. Students of all the department had enthusiastically participated in the programme.

Report: Demonstration on working of chemical powder fire Extinguisher

Date- 21st February 2024

Objective:

To know about

- To know about handling of fire extinguisher
- Operation of fire Extinguisher

Department of Environment Science had organized a demonstration of fire extinguisher use on 21st February 2024 in the college campus CNCVCW, Kolhapur. Demonstration was given by Mr. Prasant Kamble, Technician, New Nitin Enterprises, Kolhapur.

☐ How to Use a Fire Extinguisher

PASS-- Pull, Aim, Squeeze, and Sweep

- Pull** the pin at the top of the extinguisher that keeps the handle from being accidentally pressed
- Aim** the nozzle toward the base of the fire
- Stand approximately 8 feet away from the fire and **squeeze** the handle to discharge the extinguisher. If you release the handle, the discharge will stop.
- Sweep** the nozzle back and forth at the base of the fire and slowly move forward to extinguish the remaining fire. After the fire appears to be out, watch it carefully since it may re-ignite!
