Environmental policy of college:

Green initiative: A step towards sustainable development

Environmental mission of college:

1. Creating awareness among students and teachers for environmental conservation in terms of rain water harvesting, social outreach programmes, plastic free campus, proper waste disposal and promoting energy conservation.
2. Promoting use of energy saving equipment's including LED bulbs.
3. Ensure staff and students receive knowledge regarding environmental protection by means of applying environmental tags in college campus.
4. Creating awareness among students related to proper management of solid and liquid waste.

Scope:

The college has prepared environmental policy to encourage students for conservation of resources. College has taken various initiatives including rain water harvesting, use of solar energy and use of LED bulbs.

Following are the initiatives taken by college to improve environmental performance:

1. Landscaping by trees and grass
 2. Plastic free campus
 3. Water conservation through rain water harvesting and waste water recycling
 4. Use of solar energy and LED tube light
 5. Restricted entry of automobiles in campus
 6. Environmental, Green and energy audit
 7. Nature club
1. Landscaping by trees and grass:
College campus is surrounded with various trees including spider Lily, Heliconia, Ixora, Blue lotus, Ficus and Frangipani. It is regularly maintained and taken care off.
 2. Plastic free campus:
College promotes reduction in the use of plastic inside campus and proper collection and disposal of plastic waste.

Dr. R. A. SHINDE
Secretary & Managing Trustee

3. Water conservation through rain water harvesting and waste water recycling:
The rainwater collected from college roof top is collected by means of pipes and it is used for ground water recharge. The waste water collected from washrooms is recycled with common Sewage Treatment Plant and it is used for landscaping.
4. Use of solar energy and LED tube light:
Solar panels are installed on college rooftop to promote use of renewable energy resources. Total 46 solar panels are installed with capacity of 15 kw.
Along with this, 194 LED tubes and 36 LED panels are used in college for conservation of energy. It also helps to reduce carbon footprints.
5. Restricted entry of automobiles:
Vehicles are not allowed in college campus which is a step taken for clean air initiative.
6. Environmental, Green and energy audit:
Green and energy audit is conducted every year in college. It helps to review and improve environmental performance of college. These audits acts as tool to evaluate how energy and water resources are used in college. It helps to promote eco-friendly practices in campus. Energy audit helps to reduce carbon footprints of college.
7. Nature club:
Nature club is established in college and various activities are undertaken in college including Eco-friendly god Ganesha idol making, Eco-friendly rakhi making, e-waste collection drive etc.
Nature club performs various activities in collaboration with Dept. of Environment Science.

4.2 Scope of Green Initiative in Terms Of Environmental Aspects:

- **Energy Conservation:** Energy conservation is the effort made to reduce the consumption of energy by using less of an energy service. This can be achieved either by using energy more efficiently (using less energy for a constant service) or by reducing the amount of service used.
- **Use of Renewable Energy:** Renewable energy is useful energy that is collected from renewable resources, which are naturally replenished on a human timescale, including carbon neutral sources like sunlight, wind, rain, tides, waves, and geothermal heat.
- **Efforts for Carbon Neutrality:** carbon-neutral (or carbon neutrality) is the balance between emitting carbon and absorbing carbon emissions from carbon sinks.
- **Plantation:** It is usually large group of plants and especially trees under cultivation
- **Water Management:** Water management is the control and movement of water resources to minimize damage to life and property and to maximize efficient beneficial use.
- **Hazardous Waste management:** Hazardous waste management involves reducing the amount of hazardous substances produced, treating hazardous wastes to reduce their toxicity, and applying sound engineering controls to reduce or eliminate exposures to these wastes.
- **E-Waste Management:** E-waste or Waste Electrical and Electronic Equipment are loosely discarded, surplus, obsolete, broken, electrical or electronic devices
- **Quality of water, air and noise:** Air pollution and excessive noise harm our health and our environment. Water quality describes the condition of the water, including chemical, physical, and biological characteristics, usually with respect to its suitability for a particular purpose such as drinking or swimming.

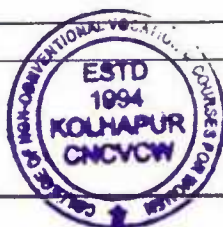

5. PLANTATION:

- In order to create awareness among students, plantation is carried out from time to time. The environment department of college is taking continuous efforts to increase the green cover in college campus.
- Plantation consists of different types of shady and flowering trees.
- Ornamental plants are planted in soil pots, which are placed in corridors.
- Proper care of all these plants is taken by gardener.

Table no. 4: List of plants in college campus

Sr. No.	Name of plant	Number of plants
1	Spider Lily	60

ACTIVITY REPORT

Name of Event/ Activity- Tree Plantation **Date :** 24/07/2023

Organizing Department/ Committee- National Service Scheme (NSS)

Objective (s)-

- To encourage students to plant saplings for plant conservation
- To encourage the students for daily maintenance of the planted saplings.
- To beautify the campus by planting various saplings.

Description-

As per the letter received from the Forest Department, NSS Committee of CNCVCW conducted a "Tree Plantation" program. The plantation was performed at CNCVCW Campus. NSS Coordinator Ms. Divya Satpute welcomed guest for the program Ms. Megha Patil, API, Nirbhaya Patak, Kolhapur and their team along with Principal Dr. A.R. Kulkarni, Head, Dept. Of Food Technology Ms. Shweta Patil, Head, Dept. Of Interior Design Ar. Amarr Mestry. Ms. Megha Patil and team performed tree plantation. The staff and NSS volunteers also performed this activity.

Target Group – NSS Volunteers

Number of Participants- 20

Outcomes (s)-

- Students were encouraged plant saplings for plant conservation
- Students were encourage for daily maintenance of the planted saplings.

Name and Signature Committee Coordinator-

Report: Celebration of Nature Club Day & Display of Eco-friendly Rakhi's

Department of Environment science

Date- 26th August, 2023

Objective-

1. To create awareness among the students regarding the Eco-friendly Rakhis.
2. To involve more students in Nature Club Activities.

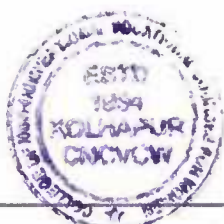

Description-

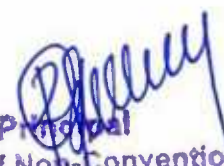

Department of Environment Science and Nature Club has Celebrate Nature Club Day and Display of Eco-friendly Rakhi's on 26th August, 2023 at 01.30 am in room no-37. Under the theme of Nature Conservation wall paper display and model display also organized for the students of B.Sc. I and II year.

The function was inaugurated by Principal sir, Dr. A. R. Kulkarni by tying the eco-friendly rakhi to the plant. The welcome speech is given by Ms. Pooja Sarolkar, Nature Club Co-Ordinator. Principal sir, Dr. A. R. Kulkarni interacted with students about the sustainable development and appreciate all students for making eco-friendly rakhi's. Students made all the Rakhi's by using various plant seeds, rough paper & cardboards and thread.

Anchoring is done by Ms. Sakshi Kamble (B.Sc.-II). Later, vote of thanks was proposed by Ms. Niharika Bongale (B. Sc.-I)

Number of Participants- 12

Principal
College of Non-Conventional
Vocational Courses for Women

Report on – Eco-friendly Lord Ganesha Making Programme

Background:

In Maharashtra, Ganesh festival is celebrated with so much enthusiasm in every house. During this festival, Ganesh idols made up of Plaster of Paris are often brought to home for worshipping. But as Plaster of Paris contaminates the water resources, so there is a need to celebrate this festival in environment friendly manner. With the objective of creating awareness for eco-friendly celebration of this festival, eco-friendly Lord Ganesha idol making from clay was organized on 13th September, 2023 by the department of Environment Science.

Celebration of Eco-friendly Lord Ganesha Idol Making Programme:

This programme was organized on 13th September, 2023 at 2:00 pm. For this programme, Asst. Prof. Pooja Sarolkar was present as resource person. Programme started with felicitation and introduction of resource person. Principal Dr. A. R. Kulkarni guided the students about harmful effects of anthropogenic activities during festivals. Asst. Prof. Pooja Sarolkar gave demo to students for preparing Lord Ganesha idol from clay. Total 116 students from various departments had participated in this programme from all the college. Students of all the department had enthusiastically participated in the programme.

Report: Display of Environmental Studies Projects & Models

Department of Environment science

Date- 18th January, 2024

Objective-

1. To create awareness among the students regarding various environmental aspects
2. To involve more students in Environmental Conservation Activities.

Description-

Department of Environment Science had organized Display of Environmental Studies Projects & Models of Undergraduate II year students of all programmes on 26th August, 2023 at 01.30 am in quadrangle.

The function was inaugurated by Principal sir, Dr. A. R. Kulkarni by cutting the ribbon. The welcome speech is given by Ms. Shilpa Salonkhe (B.Sc. FTM-II). After the inauguration department wise students had presented their posters and models

Principal sir, Dr. A. R. Kulkarni interacted with students about the sustainable development and appreciate all students for making posters and models. Students made all the posters and models based on Food, Fashion, Interior, Commerce and Environment

Later, vote of thanks was proposed by Ms. Mukta Redij (B.A. DMFC-II)

Report: e-Waste Collection Drive

Department of Environment science

Date- 23rd January, 2024 to 24th January, 2024

Objective-

1. To motive students for social outreach and encourage them to participate in waste management system.
2. To protect our environment from e-waste pollution and reduce the damage caused by pollution.

Description-

Department of Environment Science in collaboration with Poomam Ecovision Foundation, Pune had organized e-Yantran programme i.e. e-waste collection drive from 23rd to 24th January 2024 in the college campus CNCVCW, Kolhapur.

All faculty members and students were enrolled for the drive and scraped together all their domestic e-waste. Also, students of Environment Science visited very classroom for creating awareness amongst students. On 25th January 2024, Ms. Namrata Bhalwankar, Volunteer Poomam Ecovision Foundation, Pune took all the waste and sent to recycling unit.

Number of Participants- 30
